Puppy List Rules

Owners shall not use the Puppy List more than once in any 12 months. For a litter to be eligible for the puppy list, the owner of either the bitch or the dog must have been a Club member for at least two years, and the litter should have been bred, reared and will be sold in accordance with the RRCGB's Code of Ethics.

On no account should puppies leave the nest before they are 7 weeks old. Puppies should be wormed at least twice before leaving for their new homes, and the date of the last worming given to new owner. Faulty-ridged pups must have their Kennel Club registration documents endorsed "Progeny not eligible for registration". **Ridgeless puppies should not be sold, but homed without pedigree certificate, at rearing cost only, with a written undertaking that it will be neutered.**

Members must be willing to resume responsibility for any puppy or adult from the litter that may subsequently need re-homing.

We do hope to guide prospective new owners to buy from responsible Club Members who breed healthy puppies within the Club's Code of Ethics. It is recommended that members use the KC/BVA hip scoring scheme in any breeding programme.

A fee of £15.00 is payable per litter prior to a members details being passed on to prospective owners or on the web site.

If any of the above is not clear to you, please ring the Puppy Registrar for clarification.
